

From Mr. Fisher's Desk...

Dear Parents-

I can't believe how fast this year has flown. Every year in my 23 years in education I always feel like I learn as much from the students, parents, and staff as the students learn from us. This year was no exception.

As summer hits I want to encourage parents to continue the learning over the summer. As you go on vacation, try to find ways to learn something new as a family about the things you are doing, places you are going, etc. Modeling that life long learning for your children is a vital aspect in helping them continue to desire to learn and grow.

I also want to encourage you to participate in enrichment activities in the community over the summer. My family has already signed up for the summer reading program at the Newberg Library. In addition to that many teachers will be providing logins for Moby Math, Type to Learn and other sites. These are great ways to keep your children's skills moving forward.

My family and I are so blessed to be a part of the Crater family. I am very proud of the work we are all doing as staff, students, and parents to make Crater an awesome school. Thank you for making Crater's future so bright!

HAVE A GREAT SUMMER!!!

Troy Fisher ~ Crater Principal

Field Day/BBQ Volunteers Needed

We are looking for volunteers to help with our Year-End Barbeque and Field Day. These events will take place on Thursday, June 11.

There will be opportunities to help set up Field Day, help with events, set up for the Family BBQ, and clean up after both events.

Because there will be so much going on that day we will probably need people to volunteer throughout the day.

- See the Family BBQ schedule for lunch times.
