

Energy:

Warm and Safe

Lowering the amount of energy consumption in the home lowers energy cost. For the elderly, disabled or disadvantaged families, increased energy costs in the home have become a barrier to making necessary purchases such as medication, food or clothing. YCAP's Energy Services helps households evaluate their energy usage and provides energy education and weatherization. In addition, depending on income level, they may offer assistance with energy expenses.

Energy Services include:

- Home energy audits
- Heating system modifications to enhance efficiency
- Energy education
- Insulation installment in attics, floors and walls
- Minor home repairs to guard against heat waste
- Base load reduction, i.e.: refrigerator replacement, compact fluorescent lights, low-flow shower head
- Door and window assessment to determine modifications for energy efficiency
- Financial assistance for energy costs

Food:
Feeding Hungry Families

When you're hungry, everything seems more difficult. Children can't focus on schoolwork. Parents can't focus on finding a job or succeeding at work. Caring for children seems impossible when unable to provide the basics, like food. For those times when circumstances leave little for groceries, YCAP assists with life's hurdles.

Food Bank Services include:

- Food distribution to a county-wide network of food pantries, soup kitchens, group homes, and gleaners
- Organization of local food drives
- Operation of a food recovery program with several major grocery stores and farms in our county
- Community garden support and local educational gardening programs
- Weekend food for children and families in four schools in three school districts

Housing:
Providing a Home

A home is more than shelter...it's a place to heal when you're sick, sleep safely, help children with schoolwork, have a family meal, and use as a base from which to seek employment. YCAP works with a variety of assistance programs to help families find and remain in a home.

Housing Services include:

- Case management to educate families on how to become self-sufficient
- Shelters for homeless families with children and single women
- Affordable Housing
- Rental assistance for low-income and disabled populations

Support:
Overcoming Obstacles to Self-Sufficiency

Individual circumstances require individualized solutions. YCAP has a Direct Client Assistance Fund that supports low-income individuals on their way to self-sufficiency. We also have a bicycle cooperative program that gives new life to old bicycles and provides clients with transportation. These services help people overcome obstacles so they can achieve their goals and become self-sufficient.

Client Services include:

- Work related needs (special licensing, tools or clothing)
- Education (testing or training fees, books)
- Health
- Refurbished bicycles
- Resource referral
