

FROM THE DISTRICT SUPERINTENDENT

Dear Parents and Community Members,

In the 2012-13 school year, Newberg schools received an overall state rating of above average. That means students are performing as well or better on standards-based tests & graduating more students than at other Oregon schools. When compared to schools with similar student demographics, Newberg students are outperforming those at like-schools.

To ensure our students graduate with the knowledge & skills needed to be successful in the 21st century, we are focused on these priorities:

- Provide a high-quality, well-rounded and healthy educational experience to all students that is engaging, rigorous & culturally relevant.
- Build strong relationships with families, community & students to promote trust, support & collective responsibility for student success.

- Ensure every classroom has a high-quality, effective educator supported by strong leadership & staff.
- Align resources to accomplish goals within a balanced budget.
- Continue to plan systemically & strategically to succeed and thrive into the future.

We look forward to partnering with you in the coming year.

Thank you,

Superintendent | Kym LeBlanc-Esparza, Ed.D.

FEDERAL TITLE I DESIGNATION

Priority and Focus school designations were based on 2011-12 data. Model school designations were based on 2012-13 data.

	Priority	Focus	Model	
Number of Elementary Schools	0	0	1	<p>Priority Schools are high poverty schools that were ranked in the bottom 5% of Title I-A schools in the state based on Oregon's rating formula. These schools generally have overall very low achievement and limited growth over time. Additional supports and interventions to make improvements are needed.</p> <p>Focus Schools are high poverty schools that were ranked in the bottom 5% -15% of Title I-A schools in the state with a significant achievement gap based on Oregon's rating formula. These schools need additional support in closing the achievement gap among historically underserved student populations.</p> <p>Model Schools are high poverty schools that were ranked in the top 5% of Title I-A schools in the state based on Oregon's rating formula. These schools serve as models of successful student outcomes.</p>
