Director-Oversees all programs related to special populations and services.

School Psychs

From the National Association of School Psychologists:

There is a critical shortage in school psychology, both in terms of practitioners and in the availability of graduate education programs and faculty needed to train the workforce necessary to keep up with the growing student population. NASP recommends a ratio of one school psychologist per 500 students in order to provide comprehensive school psychological services. Current data estimates a national ratio of 1:1211; however, great variability exists among states, with some states approaching a ratio of 1:5000.

By December 2022, Newberg will employ 6 School Psychologists (2 in person and 3 virtual, and one in a counselor role) Ratio: 1:875 students

Speech Pathologists

According to the Bureau of Labor Statistics, The speech-language pathology profession is projected to grow 21% over the 2021–2031 decade—much faster than the average (5%) for all occupations.

Newberg had 6 SLPs resign, 2 of which were recaptured before their employment terminated. 3 SLP openings (AC, CVMS, JA) were open until first week of November and have now been filled with tele-therapy SLPs (Cory, Colleen and Deanne) and sites are very pleased with these specialists.

Letters were sent out to families this month regarding compensatory services for lost SLP time/services from September to November.

LRC Teachers

Newberg lost 12 special education teachers across the district and 2 TOSA/Coordinators.

Currently: We are fully staffed with all TOSAs and Coordinator roles. We have 3 active openings for special education teachers, mainly at Edwards and CVMS. Interviews are being planned this week to address these unfilled positions. TOSAs and Coordinators are currently supporting teams where there are openings. EA's are also utilized in providing specialized groups to students.

Educational Assistants

EA's are the lifeblood of our department. While we had typical turnover, we had a higher than average need for EA's due to our Kindergarten projections of highly impacted students.

We have hired staff directly and through our Maxim Healthcare Staffing agency. We have, or will by end of next week, placed EA staff in every building. Some are behaviorally trained and there have been very few complaints from administrators about these new additions.

New Additions

Newberg has hired the following positions that are an addition from where we were a year ago. They include:

- A Behavioral Specialist (Ben) to support all buildings with challenging student behavior.

- An Autism Specialist (currently open and interviews in process)

- An Augmentative and Alternative Communication Specialist (Amelia) currently working 1 days a week.

Conclusion

Newberg had a lot of hiring and considerable resources have been utilized to find and secure the best and strongest candidates.

We have worked hard to retain and support those staff who have stayed as well as get training out to newly hired staff and our EA's.

As we begin to shift our focus from hiring to training, we also know that we will need to be more aggressive with our hiring practices this spring so we have people in place at the beginning of the year.

Amendment No. 1 to the Agreement
between
Newberg School District
and
STA of Oregon, Inc.

RECITALS:

Newberg School District ("District") and STA of Oregon, Inc. ("Contractor") are parties to an Agreement executed on March 11, 2022 for the provision of comprehensive transportation services for the district's K-12 programs, beginning with the 2022-23 school year. Such services include regular home to school transportation, activities and athletics transportation, planning, route management and communications.

Contractor has been unable to provide comprehensive transportation services as required by Agreement, and the parties acknowledge that it is mutually beneficial to modify the terms of the Agreement. To that end, the parties agree to modify the current agreement as follows:

AGREEMENT:

1. The recitals in this Amendment are incorporated herein by reference.
2. Contractor will reimburse District for documented invoices paid directly by District or Contractor to another transportation contractor in an amount equal to the excess charges paid to another contractor above what Contractor would bill District for the same services based on Contractor's then current rates under the Agreement. Contractor will reimburse District for documented reimbursements paid by District to parents and guardians to provide transportation services not provided by Contractor. Contractor's payment of the reimbursements will be made within 30 days of District's submission of documentation to Contractor.
3. The payments covered under Section 2 above include home-to-school routes, Athletics and Activities routes not provided by Contractor, and reimbursements paid by District to parents and guardians to provide transportation services not provided by Contractor. Provided, however, that the total reimbursements shall not exceed fifty-five thousand dollars ($55,000.00) per month.
4. The terms of this Amendment shall apply retroactively to September 1, 2022.. District shall provide the documented invoices for the months of September, October and November by December 16. Contractor shall provide District reimbursement within 10 calendar days.
5. Subject to District's reservation of rights in section 2.3B of the Agreement, District agrees to return any home-to-school routes and Athletics and Activities routes being serviced by alternate contractors to Contractor within 48 hours of Contractor's written notice that Contractor has the staffing to provide transportation on any such route..
6. Except as modified by this Amendment, all other terms and conditions of the Agreement shall continue.
7. Waiver of any default or breach under the Agreement, as amended, by the District does not constitute a waiver of any subsequent default or a modification of any other provision(s) of the Agreement. If any term or provision of this Agreement is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and

provisions shall not be affected, and the rights and obligations of the Parties shall be construed and enforced as if the Agreement did not contain the particular term or provision held invalid.

8. In regards to modifications to the current Agreement, there are no covenants, promises, agreements, conditions, or understandings between the Parties, either oral or written, other than those contained in this Amendment.

9. No waiver, consent, modification or change in the terms of the Agreement, as amended, shall bind either party unless in writing signed by both Parties. A written waiver, consent, modification or change shall be effective only in the specific instance and for the specific purpose given.

I have read this Amendment No. 1 to the Agreement. I certify I have the authority to sign and enter into this Amendment. I understand this Amendment and agree to be bound by its terms.
