District Efforts and Plans

2022-23 Activities:

- Training on state and interim tests and tools available to support students
- Support from community partners
- Administrator support in buildings
- Classroom teachers dedication and efforts to increase participation

Ongoing Activities:

- Focused training on accessing interim assessments
- Training on curriculum, pacing, best practices and continued work in content leadership groups
- Math adoption 2023-24 school year
- Expanded teachers in the math department
