Innovation Teams are pioneering our Vision 2020, embracing a shift toward an education that:

- Reimagines curriculum, teaching, and learning for the 21st Century
- Ensures that the 5Cs are integrated into the education of ALL students on a daily basis.
  - Critical thinking
  - Creativity
  - Communication
  - Collaboration
  - Citizenship

**DIGITAL CONVERSION** = a shift for curriculum, for teachers, and for students to an education that is

collaborative connected customizable dynamic

in which every student has access to **1:1 TECHNOLOGY**

- Innovation Teams strive to create daily learning experiences for each student that is collaborative, connected, customizable, dynamic, and authentic by focusing on:
  - Thoughtful technology integration within a 1:1 student device environment
  - Understanding by Design influenced curriculum
  - The accessibility for all students that comes with Universal Design for Learning.
