FROM THE PRINCIPAL

Dear Parents and Community Members,

Dear Parents and Community Members,
Our annual Oregon School Report Card shares results from the Smarter Balanced assessment our students took last spring. This test is designed to evaluate student's knowledge of state standards in English language arts, math and science. Students in grades 3-5 are required to take the test. The results provide an indicator of where students are on their path to future success in college or the workplace. The results of the Smarter Balanced assessments – plus student's work in the classroom – help students, teachers and parents understand more about their strengths and areas for improvement. Antonia Crater Elementary students performed significantly above the state average in reading and math. Academic highlights:

- 66% scored a 3 or 4 in reading compared to the state average of 52%
- 61% scored a 3 or 4 in math compared to the state average of 45%

· 83% met/exceeded in science compared to the state average of 66%

Parents play a key role in the success of our school and are involved in many different ways. You can help your student's academic success by monitoring homework, attending parent teacher conferences or volunteering. Crater also encourages parents to read with their students a minimum of 20 minutes a day. We look forward to partnering with you over the coming year to make sure all of our students reach their potential!

Thank you,

Principal | Troy Fisher

OVERALL SCHOOL RATING

Given the recent passage of the Every Student Succeeds Act (ESSA) and the expiration of Oregon's ESEA flexibility waiver on August 1, 2016, the State of Oregon will not assign ratings (i.e., overall and comparison school ratings) to schools for the 2015-16 school year.
