

Two ways to access Clever at home

(You do not need to use a Chromebook!)

Through Google (easiest)

1. Open Google and log out the previous user. (Click the picture or letter in the top right corner to see whose account is open.)
2. Type in your **District ID** and **Password**.
3. This should open up just like your computer at school.

If you don't have Google

1. Open your internet browser. Make sure no one else is logged in. (You may need to register as **guest**)
2. Type in the school district website. (**Newberg.k12.or.us**)
3. Click on **Student Login** (top left corner)
4. Click **NSD Clever**
5. Enter your **District ID** and **Password**
 - a. It may ask to enter your email address. It is your district ID followed by @students.newberg.k12.or.us.
6. Boom! You are in!

Remember to log out when you are finished so no one else can access your account.
