

NEWBERG SCHOOL DISTRICT ACTIVITY/ATHLETIC CODE OF CONDUCT

Activity/athletic participants are defined as students in school-sponsored activities/athletics that represent the school publicly or competitively with other schools.

Additionally, the Newberg School District shall implement the following standards for activities and athletic eligibility for grades 6-12.

- **Academic Achievement**

Students in grade 6-8 shall have a minimum grade point average of 2.0 and pass all classes in the current grading period to be eligible to participate in activities and/or athletics.

Student in grades 9-12 shall have a minimum grade point average of 2.0 and have passed all classes the previous grading period to be eligible to participate in activities and/or athletics.

A student shall have one opportunity during each of the four years in high school to be in a probationary status and participate in activities and/or athletics if the grade point average for the previous trimester fell between 1.5 and 2.0, or if the student earned a grade point average of 2.0 and had a maximum of one failed class in the previous trimester. Students wishing to participate in any OSAA sanctioned activity or Newberg High School athletic program that were previously enrolled in only five classes must have passed all classes to be considered for probation.

To maintain eligibility, a student-athlete must have passed all courses the preceding semester AND must meet OSAA minimum credit requirements.

Any student who has an Individualized Educational Program (IEP) who has not met the OSAA or Newberg School District academic standards due to his/her disability may still be eligible to participate in activities and/or athletics if the student's IEP team determines that the student is making adequate educational progress toward meeting his/her goals and objectives.

- **Citizenship**

A student participating in activities and athletics shall conduct him/herself in a positive and appropriate manner. All rules and procedures in the Code of Conduct shall be followed. A student who violates the Code of Conduct risks loss of eligibility for participation in activities and athletics.

The admission of facts which constitute a criminal offense, or conviction of criminal offense, either felony or misdemeanor (excluding minor traffic violations), may result in suspension or exclusion from all activities/athletics participation. This is not intended to supersede the Newberg School District student discipline policy and administrative regulations.

- **Attendance**

On the day of activity or event, a student shall be in attendance at school for the full school day unless the student has an authorized absence and/or clearance. Any participant suspended from school will not be eligible for activities or athletics practice, competition, and/or performance during the length of the suspension.
